SUMMARY

Bilingual full-stack developer with hands-on experience in front-end development and a solid foundation in full-stack technologies through the TripleTen Software Engineering Bootcamp. Passionate about building user-friendly, scalable web applications and continuously learning new technologies. Proven ability to deliver production-ready solutions for real-world clients.

TECHNICAL SKILLS

HTML/CSS, JavaScript, React, Figma, Node.js, npm, MongoDB, Styled-Components, GitHub, VS Code, C#, Visual Studio, REST, TSQL, NoSQL, Bootstrap 4, Postman

PROJECTS & EXPERIENCE

Independent Contractor, 09/2018 — Present

Self-employed — Newnan, GA

- Managed end-to-end home improvement projects, coordinating estimates, materials, timelines, and client communications—developed strong project management and problem-solving skills.
- Transformed client visions into high-quality finishes; demonstrated attention to detail and adherence to specifications—crucial skills in software development.
- Built trust and long-term client relationships through consistent communication, accountability, and high standards of delivery—valuable for remote team collaboration and stakeholder alignment.
- Adapted quickly to changing client needs, site conditions, and tight deadlines, demonstrating flexibility, self-motivation, and time management—key attributes for asynchronous remote work.

Freelance Web Developer, 04/25 - Present

iList Tech - Remote

- Designed and developed 10+ responsive landing pages using HTML5, CSS, & JavaScript.
- Collaborated directly with the team, clients, and the owner to iterate on designs and ensure satisfaction.
- Create new controllers and implement new designs while meeting deadlines.

EDUCATION

Projected to finish in 01/26 | TripleTen - Online

Software Engineering

- Intensive 10-month program focused on JavaScript, React, Node.js, and full-stack development.
- Built several end-to-end applications simulating real-world environments and team collaboration.

HONORS

- “Damian was great to work with on our landing page project. He was always eager to deliver and went the extra mile to make sure the project was not only functional, but excellent.”

Joe Peterson: CEO iList Tech

(214) 725-5961 | joe@ilisttech.com

- I've hired hundreds of developers over the years, and I can tell when someone has the aptitude, willingness to learn, and ability to communicate that would make them a great team member. Damian has all of these in abundance. He would be a great addition to any enterprise development team.”
